

**Bee County Junior Livestock and Homemaker's Show  
Young Exhibitors Program**

Welcome to the BCJLHS Young Exhibitors program!

The BCJLHS Young Exhibitors program allows children ages 5-8 AND in grades Kinder-2<sup>nd</sup> grade to participate in the Bee County Junior Livestock and Homemaker's Show. Texas 4-H does not allow Clover Kids (Kinder – 2<sup>nd</sup> grade) to participate in county shows as 4-H members, but the BCJLHS has a program which allows for participation in the BCJLHS as a young exhibitor. While we do encourage that your child participates in 4-H as a Clover Kid, this is not required for participation as a young exhibitor in the BCJLHS.

If your child is registered as a Clover Kid in 4-H, remember that for participation in the BCJLHS, your child will be participating as a Young Exhibitor, not a 4-H member. **It is important to indicate that your child is a Young Exhibitor on all entry forms for the BCJLHS. All required paperwork must be turned into a young exhibitor representative, not the Bee County Agri Life Extension office.**

Young exhibitors are required to follow the same rules as 4-H, FFA, and FCCLA members for participation in the BCJLHS. These rules are clearly outlined in the BCJLHS rulebook. This includes, but is not limited to:

- a) Eligibility – each participant must provide a form completed by a school official indicating that the child is eligible to participate per UIL guidelines
- b) Timely completion of entry forms and paid dues – per rulebook deadline
- c) Animal validation – dates, times, and locations are in the BCJLHS rulebook
- d) Timely check-in of all animal and homemaking projects for the BCJLHS – the dates, times, etc. are listed in the rulebook
- e) Proper labeling of homemaking entries – see rulebook
- f) Participation in set up and clean up events for the BCJLHS
