2023 BCJLHS DEDICATION

Marie Meadows

Marie Meadows grew up on her family's dairy farm in Wisconsin. She started 4-H at age 10, showing Holstein heifers and horses. Her mother wouldn't buy her many ready-made clothes but let her purchase any fabric for making outfits. That was huge motivation to work on sewing skills! Ten years as a 4-H member was pivotal in choosing a career in Home Economics Education.

Marie studied Bible at Northwestern College in Minnesota and completed her Bachelor's of Science at the University of Wisconsin-Stout in Menomonie, WI (AKA "Cookie Tech"). She taught middle and high school Family and Consumer Science for nine years in Tomah, WI. She moonlighted in the fabric department at the Tomah Cash Store on the weekends.

In 1990 a church friend introduced Marie to her Uncle Randy, a tall, handsome 6th grade teacher from Beeville, TX (and five days older than her). A year later they were married and moved 1,400 miles south to Beeville. Thanks to Ed McKay's invitation to come by and "visit" she started teaching FCS at Thomas Jefferson Junior High. That first classroom had a double sink, a microwave, and a two-burner hot plate. That soon became a spanking new, well-equipped classroom when Moreno Junior High was completed in 1993.

Linda McKay urged Marie to have her students enter the Bee County Homemakers Show. What an exciting opportunity as fairs in Wisconsin were only open to 4-H members! This was so much fun! Students with very few opportunities finally got to excel in something! Special needs students were able to participate. Students still remember the projects they entered to this day.

Teaching "Skills for Living" at Moreno Middle School until retirement in 2017 was the best job ever! Being able to have students participate in the Bee County Junior Livestock and Homemakers Show was an extra bonus. Thanks to the many wonderful people of South Texas and Bee County who make this show possible for our youth. Marie says "I wasn't born in Texas, but I got here as soon as I could!"

2023 BCJLHS MEMORIAL

*John
Morgan
& Mary
Kathryn
O'Brien*

John Morgan O'Brien was born in Refugio, Texas on February 21, 1925. He lived his whole life following his passion for ranching, horses, hunting and gardening. Mr. O'Brien was horseback at a very early age and was an instrumental part of training horses for working cattle on the ranch. In the early 30's and 40's, he continued training and competing while beginning to keep his favorite mares in an effort to begin raising horses for use on the ranch. In fact, 17 of the first 500 horses registered by the American Quarter Horse Association (AQHA) in 1940 were O'Brien Ranch horses.

As a beef cattle producer, he was a life-long member of the Texas and Southwestern Cattle Raisers Association and spent most of his days either hauling, working or checking on cattle. One of the herds he managed was a set to raise club calves. His grandchildren as well as kids from Refugio, Goliad and Bee counties would come pick through those calves every year to show in the local county shows, including BCJLHS. His passion didn't end there though, because it was never really about the cattle. It was about providing opportunity. So he would reappear at the sales that followed these livestock shows and invest in many projects. He may have purchased an animal or invested in one of his favorite buyer groups like The Amigos, but he'd always be present, trying to help kids in agriculture accomplish their goals.

It seems that Mr. O'Brien lived and worked for horses and kids, but he also lived and worked for another passion... Mary Kathryn O'Brien. Mrs. O'Brien was born in Beeville, Texas on June 4, 1929. She was a member of the Birthday Club, Pan American Club and a lifetime honorary member of The Rosetta Club. She was as steadfast as she was classy and she shared her vibrant love of life with Mr. O'Brien for 67 years. They also shared a passion for ranching. As a member of the American Quarter Horse Association, Mrs. O'Brien raised her own horses for the ranch, managed her ranch land and ran several herds of her own cattle as well.

Her strong individualism was only matched by her generosity. She joined Mr. O'Brien in his support of the youth in agriculture as well, but she did it her way. Mrs. O'Brien supported the South Texas Cattleman's Round-Up benefiting Bee County 4-H Clubs and Driscoll Children's Hospital every year. Her favorite group to support here at BCJLHS was Bids for Kids.

Describing the impact these two wonderful people had on the youth in agriculture in South Texas would take much more time than we have here. They were both strong in character and in their faith in God. So let's honor them with our own faith in God and our passion for providing more opportunity for others.
